# Summer School at Moscow State University

Internationally recognized scientists  
give three one-week courses for graduate students:

5-26 July 2009

**Prof. Gerhard Sorger** University of Vienna, Austria  
**Economic Growth Theory**

**Prof. Thomas Weber** Stanford University, USA  
**Dynamic Optimization  
with Applications in Economics**

**Dr. Sergey Aseev**  
Steklov Mathematical Institute, Russia  
**Infinite-horizon Optimal Control  
with Applications in Growth Theory**

# EGMD

## Program

- three courses
- examination in each course
- three lectures

## Daily load

- four academic hours of lectures
- four academic hours of seminars
- four academic hours of exercises

## Economic Growth: Mathematical Dimensions

### Program Committee

Yu.S.Osipov, MSU (Chair)  
A.V.Kryazhimskiy, IIASA  
S.M.Aseev, Steklov Mathematical Institute  
N.L.Grigorenko, MSU  
G.Sorger, University of Vienna  
T.Weber, Stanford University  
G.Feichtinger, Vienna Technical University  
T.Palokangas, University of Helsinki  
C.Watanabe, Tokyo Institute of Technology  
E.A.Rovenskaya, MSU and IIASA

### Registration

[www.agora.guru.ru/EGMD\\_2009](http://www.agora.guru.ru/EGMD_2009)

### Registration dates

1 November, 2008 - 1 March, 2009

### Contact

Dr. Elena Rovenskaya
